

Y *Yousella*
Born in Germany, made in Iran

The Story Behind Yousella

Born from a love of **German** design and comfort, **Yousella** takes its inspiration from the word “**Sella**”, meaning saddle, seat, and comfort.

We combined “**Sella**” with “**You**” because **everything begins with you** — your style, your comfort, your confidence.

At **Yousella**, we believe footwear should be more than just a necessity; it should express who you are and how you move through the world. Every pair blends timeless **German elegance** with modern comfort — proudly made in Iran to accompany you in every step of your journey.
